

SOFA

ESTABLISHMENT

Form and function are perfectly aligned in the clean, elegant lines of Royce.

This practical, modern design features interlocking seats and arms that easily facilitate custom designed floor plans, allowing you to maximise space and optimise seating capacity in home theatres and media rooms.

A one-touch control operates the quiet, electrically powered mechanism, allowing the seat's occupant to pause and stop in any desired position between upright and fully reclined.

If you are very tall, add the optional, adjustable head rest for maximum long term comfort.

The Royce is also a breeze to clean, thanks to the absence of old fashioned dust trapping pillow-style cushions. Most components, including the the chaise foot pad, easily detach for maintenance.

Available in leather or the fabric of your choice. Guaranteed for ten years.

Royce

Designed by **Enrique Ferreira**, Sydney, Australia

Royce

Product guide

NOTE: If you choose a wedge component you will need to add an additional 130mm to the rear length measurement, eg, for a chair with one arm and one wedge, the front L-to-R measurement is 910mm, while L-to-R at rear measures 1040mm.

Form and function are perfectly aligned in the clean, elegant lines of Royce.
