

Alfred

Product guide

The strong and versatile Alfred range has been specifically designed for durability and retention of shape in high use environments.

Alfred is available as a chair, two, two-and-a-half or three seater, ottoman and chaise.

Alfred's casual appearance is at odds with the improved stability of this product. This is achieved via the use of a combination of high quality visco-elastic foams of different densities in the seat cushions.

Back cushions on the sofas are filled with feathers and down and polyester hollow fibres, enclosed in a special heavy-duty fabric case.

Stylish yet robust ski sled chrome legs support the range.

Alfred is a perfect choice when space is at a premium, as the size of individual components can be custom built to suit.

Available in leather or fabric of your choice and guaranteed for ten years.
